INVITATION

The Brazilian Orienteering Confederation (CBO), the Orienteering Federation of Goiás (FOG), the Entre Rios Orienteering Club (COER), and the Municipality of Ipameri are honored to invite the entire orienteering community to participate in the 26th Brazilian Orienteering Championship (26th CamBOr), which will be held from April 30 to May 4, 2025, in Ipameri, in the southeastern region of the state of Goiás.

Come practice Orienteering in the second-largest Brazilian biome:

The Cerrado!

Characterized by diverse vegetation, lush fauna, and a seasonal tropical climate with dry winters and rainy summers.

CERRADO VEGETATION

CLEAN FIELD

Vegetation composed of grasses, suitable for easy movement.

DIRTY FIELD

This type includes a mix of grasses and some scattered shrubs and small trees.

CERRADO (STRICTO SENSU)

Vegetation predominant in the Cerrado, characterized by a high incidence of shrub species and twisted trunks.

DRY FORESTS

Vegetation found far from watercourses, which loses its leaves during the dry season.

CERRADO VEGETATION

"CERRADÃO"

A dense form of the Cerrado, resembling a dry forest. It has a closed canopy of taller trees and a well-developed understory, with fewer grasses than the other types.

GALLERY FORESTS

Vegetation that follows watercourses, characterized by trees with smooth trunks and small leaves, which maintain their foliage throughout the year.

PALM GROVES

Vegetation of great exuberance, found in floodplain areas and located in the headwaters of various river basins.

ROCKY CERRADO

Vegetation formed in rocky environments, especially in mountain ranges.

IPAMERI

Ipameri, the city hosting the 26th CamBOr, is a typical and peaceful inland city. Its main attractions are:

MUNICIPAL LAKE

A place for walking, with several food options.

DIVINO ESPÍRITO SANTO CHURCH

Church inaugurated in 1938.

OLD RAILWAY STATION

Headquarters of the Adolvando Carlos de Alarcão Municipal Museum.

BOA NOVA CERAMICS FACTORY

High-quality terracotta and glazed ceramics factory and shop.

CALDAS NOVAS

Caldas Novas is a tourist destination because it is one of the largest hydrothermal resorts in the world. It has a large hotel network, and the main attractions the city offers include:

WATER PARKS

There are dozens of water park options, including Lagoa Quente.

SERRA DE CALDAS

Serra de Caldas Novas State Park.

JAPANESE GARDEN

A garden featuring Japanese cultural monuments.

LUAR FAIR

Stalls featuring food, crafts, jewelry, clothing, travel souvenirs, and more.

RIO QUENTE

Another tourist option in the region is the city of Rio Quente, located just 26 km from Caldas Novas. The destination is home to the largest thermal water river in the world, approximately 12 km long.

HOT PARK

A water park with naturally warm water.

CERRADO BEACH

An artificial beach with sand and views of the Serra de Caldas mountains.

EKO AVENTURA PARK

Eco Fishing, Rafting, Zip Line and Jeep Cross.

FOUNTAIN PARK

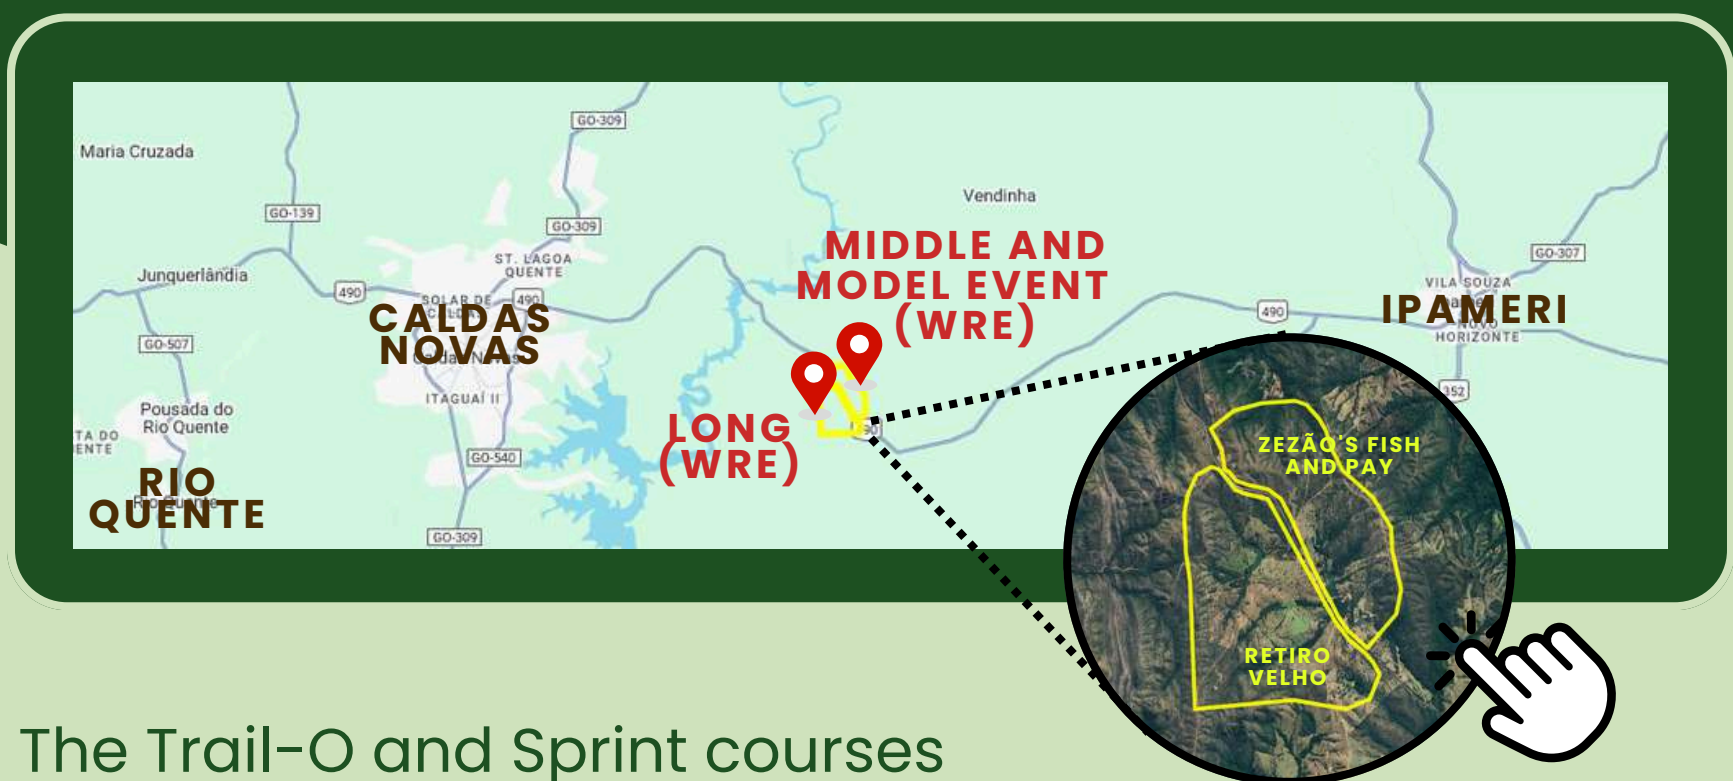

Eight natural pools with hot water, reaching temperatures of up to 37.5°C.

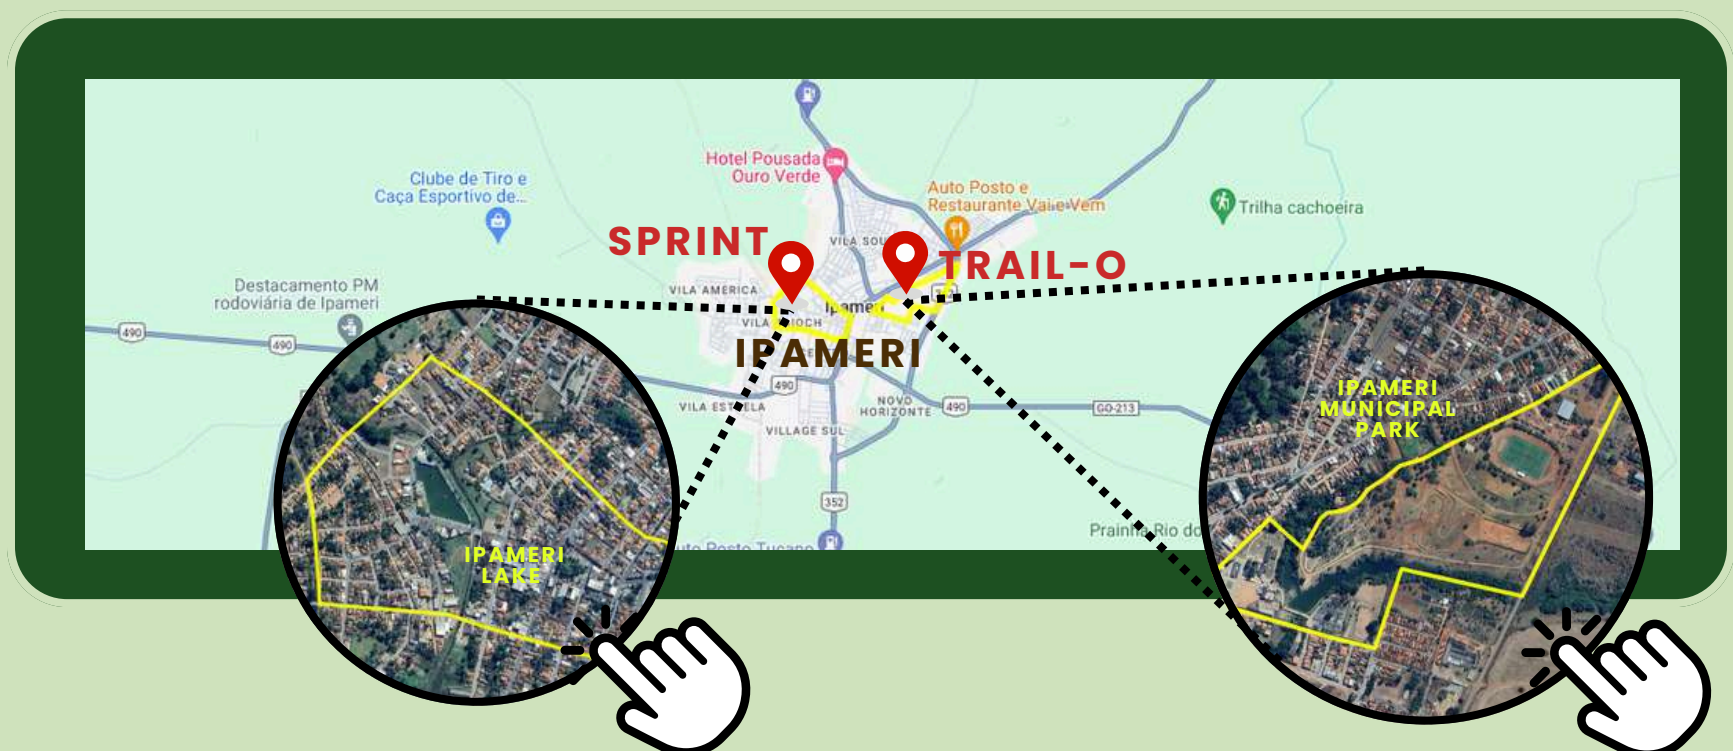

EMBARGOED AREAS

As shown in the images below, all delimited areas are embargoed for any and all Orienteering activities until May 4, 2025.

The main arena of the event, where the Forest and Model courses are situated, is located in the rural area between the municipalities of Ipameri (35 km away) and Caldas Novas (25 km away).

The Trail-O and Sprint courses will take place in the urban area of Ipameri.

SUGGESTIONS FOR COFFEE BREAKS

Empório Prime Café is an Ipameri company that is a friend of Orienteering. In 2024, it provided delicious coffee for the athletes of the XIII CamGOR and is open to welcoming the participants of the 26th CamBOR.

ATHLETE KIT

The Organizing Committee is putting together a kit to be given to all registered athletes at CamBOR 2025.

The company responsible for the production of the shoulder bag is **Orientação Brasil**, our partner in manufacturing Orienteering sports equipment.

MAPS

The maps have been produced in accordance with the International Specifications for Orienteering Maps (ISOM 2017-2) and the International Specifications for Sprint Orienteering Maps (ISSprOM 2019-2).
