A MESSAGE FROM FBO'S PRESIDENT

Why a WRE Event in our CopaNE (Northeast Orienteering Cup)?

Hosting a World Ranking Event (WRE) is about providing a true experience of international competition. It allows our athletes to measure their abilities against competitors from around the world and earn a place in the global rankings. In some cases, it marks the beginning of the journey to represent Brazil on foreign soil. For us, the organizers, it presents an opportunity to push ourselves to the limit, offering a technically advanced event of high quality, complexity, and rigor that prepares us for any kind of event we aspire to host. It's about learning from the most experienced. It's about building a top-tier team in event organization.
