Returno of activities

Dear athletes, with great satisfaction and joy we are resuming orienteering activities in the region of Campo das Vertentes. We went through 2 years of great difficulty in holding orienteering events, but we can celebrate and return our activities safely. For that let's go follow the health protocols in force and take advantage of everything that this wonderful sport has to offer us.

Throughout 2021 we made the visits planned for the organization and kept up to date the technical works of route mapping. At this point we have this part ready to receive them in June 2022.

In November 2021 we held an event at region of Prados, a municipality that is part of Campo das Vertentes. This event marked our return.

We hope to see you all soon so we can have a great party that will be marked in our history. Until then!

Organizers welcome

It is with great joy, a lot of emotion and honor that we organizers invite all orienteering community to participate in this great event which is another stage of execution of our project to promote Orienteering in the Campo das Vertentes region. Step by step we gain this opportunity to share with all the pleasure of orienteering in our lands.

The idea of providing this great challenge that is a 5-day 6-course race has always been in our plans, but for a later date in our project. The confidence placed by FMO and CBO in inserting in our event the Southeast Orientation Trophy(TSEO) 2020 has only anticipated and made us start work since the day we learned of this possibility. It was realized and now it is reality. We all wait with open arms and many maps to be enjoyed!
